COLLECTION S|S 2020

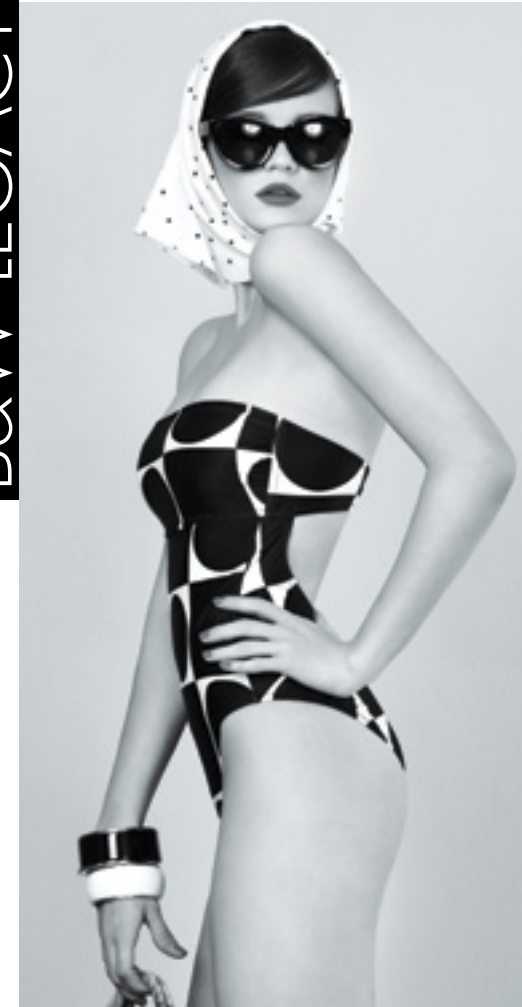

Antmarkant's S|S 20 capsule collection is entering a new era in swimwear industry, introducing a new dimension in traditional swimwear.

Today's Cosmopolitan Women will enjoy inspired vintage style swimwear, in a to-days approach, and ready-to-wear outfits designed to be functional and effortless.

The new lounge Collection "Rising Colors" is demonstrating the light of summer, following by the "B & W Legacy" the Black and White S|S 20 Collection, always classic, full of elegance!

Both conceptual collections are completed with retro geometrical prints, embracing though, the next generation of Après Swim.
